

HEPAir. The only fully integrated modular HVAC system specifically designed and manufactured for cleanroom and hi-tech industries.

HEPAir Controls:
Temperature
Humidity
Pressure
Cleanliness

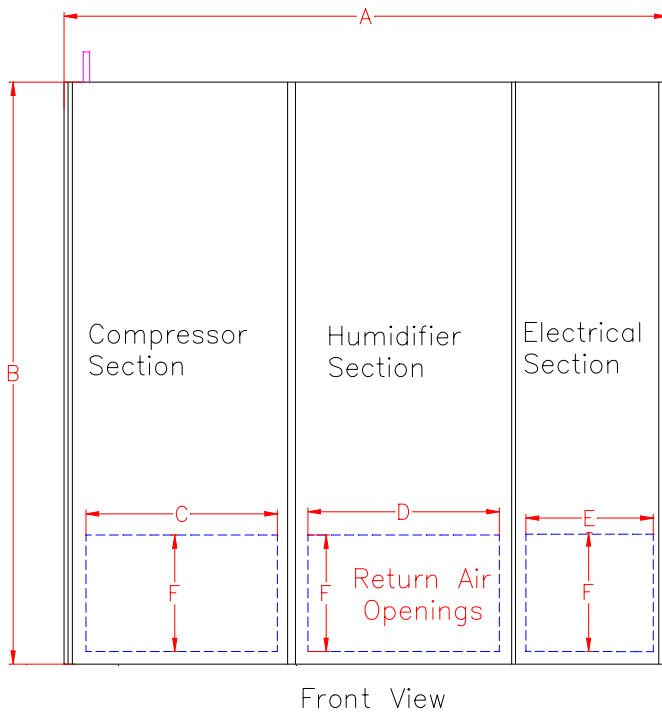

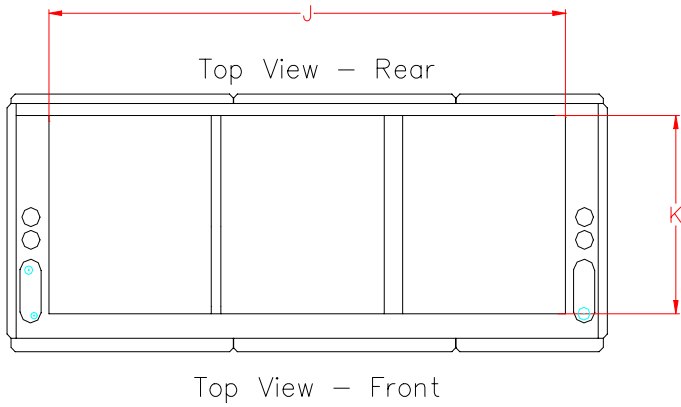

Standard Features

- 5 Ton through 22 Ton capacities
- Mechanical components accessible from the front of the unit
- Energy efficient scroll compressors in series
- Multiple supply and return air openings
- Completely self contained design
- Factory tested prior to shipment
- UL and CSA Approved
- 7/24 factory service hotline support

Options

- Water cooled or Air cooled condenser
- Integral stainless steel humidification
- SSR driven electric reheat
- High static pressure fans
- Integral HEPA filtration
- PLC controls
- Stainless-steel construction
